

**DURACELL®**  
Activair®

**Unitron Hearing has teamed-up with Duracell, a trusted name in batteries, to bring you a battery you and your patients will prefer.**

It's hard for some patients to change their batteries, with EasyTab changing batteries is a cinch.

- EasyTab has an extra long tab so the batteries are easier to hold.
- The redesigned easy open package stays closed so batteries don't fall out.
- Activair EasyTab batteries are available through Unitron Hearing.
- Batteries last up to 30% longer than previous batteries\*

Better packaging, ease of use and longer battery life makes Duracell Activair EasyTab a world-class battery for world-class hearing instruments!

**Duracell® Activair® EasyTab™ – By far, the simplest solution for changing hearing aid batteries.**

**Now through January 31st 2003,  
Purchase 5 Cartons at \$18.00 each and  
get 2 free.**
